May also offer the PPO Savings Plan 4800 plan only with another carrier's HMO plan with the following relaxed guidelines: Savings 4800 PPO is the only Blue Shield plan offered, Blue Shield must have 5 active employees or 20% of the overall enrolled number of employees (whichever is greater). Waivers are required for the employees that are enrolling in the other carrier's plan (under all circumstances).
Carve Out Criteria:	May be done non-guarantee issue if the group qualifies as a small employer under AB1672, and enrolls a minimum of 8 employees. Full health statements will be required and a list of the job classes covered is required with the carve out class identified. Shield must be the only carrier offered to carve out class. Industry restrictions apply to groups over 51 ees.

The employer may select a minimum defined contribution of \$100 per enrolled employee or 50% of the total employee rates. Standard underwriting guidelines apply unless Blue shield is offered with another carrier's HMO, and then plan enrollment must equal the greater of 5 enrolled employees or 75% of the total number of enrolled employees in all Blue Shield plans. The Suite Deal program of plans is also available. Participation requirement is 65% of the eligible employees, and minimum contribution is \$100 or 50% of total employee rate. May offer the Suite Deal with other carrier's HMO if Shield gets greater of 5 employees or 50% of the enrolling group. Out of State Guidelines:	May have no more than 49% of the group employed outside of the California service area. Those employees not in California may be written on a PPO plan and receive the PPO benefits when using BlueCard providers in their area. If a group has employees outside of California, then Blue Shield will also require a copy of their latest, full payroll register in addition to all regular enrollment material.
Over-age Dependent Children:	Unmarried children may remain eligible on parent's plan until they reach age 19. They may remain on parent's plan from age 19 through age 24 if they are a full time student (minimum of 12 units) in an accredited college and enrollment in school can be verified.
Ownership Documentation Requirements:	For groups of 6 to 50 lives where owners and officers do not appear on the DE6, only a completed signed Sole Proprietor, Partner, Corporate Officer Statement is required. For 2 to 5 life groups or owner only groups, the following is also required: Sole Proprietorship: Sole Proprietor, Partner, Corporate Officer Statement & last Schedule C required. If Schedule C has not been filed yet due to length of time in business, then proof of income is required with a copy of Business License or a Fictitious Business Filing. Partnerships: Sole Proprietor, Partner, Corporate Officer form and a copy of the most recent Schedule K-1 required for each partner. If they have not in business long enough to have filed K-1s, then proof of income and a copy of the partnership agreement or a business license or Fictitious Business Name Filing is required. "C" or "S" Corporation: Sole Proprietor, Partner, Corporate Officer form and the last Schedule K-1 (or W2) for each officer and a copy of the stamped Statement of Information or the filed Articles of Incorporation (but only if the names of all officers listed) are required. Foreign corporations also require a Certificate of Qualification or Statement by Foreign Corporation. If the company has not been in business long enough to have filed K-1s, then other proof of income is required in addition to the documents mentioned above. LLC: Sole Proprietor, Partner, Corporate Officer Statement and a recent K-1s (or other proof of income if the K-1s are not filed yet) for each owner and the Statement of Organization with the Operating Agreement are required. For groups of 2 to 50, a DE6 is required on all other employees. For all cases, Blue Shield may request additional documentation for owners not on a DE6 if their eligibility remains in question.
Participation Guidelines:	If Blue Shield is the only plan offered, then 75% of all eligible employees must enroll (excluding those covered under another employer's group plan). If employer pays 100% of the employee premium, then 100% of the eligible employees must participate. Participation is 65% of the eligible employees for the Suite Deal program. Groups are subject to non-renewal if participation falls below the required minimum.
Part-Time Employee Enrollment:	Group may request to cover employees working a minimum of 20 hours per week at the time of the initial application. If employer elects to cover part time employees, those employees must have worked at least 20 but no more than 29 hours per normal work week for 50% of the working days in the previous calendar quarter. Coverage must also be offered to all similarly situated individuals. Blue Shield may require payroll records to document the hours and required time periods.
RAF & Health Statement Guidelines:	2 - 5 lives enrolled = eligible for minimum 1.00 RAF (full health statements required). 6 - 9 lives enrolled = eligible for minimum .95 RAF (full health statements required). 10 - 14 lives enrolled = eligible for minimum .90 RAF (full health statements required). 15 + = minimum .90 available with an employer Medical Questionnaire.
Rating Areas:	Rates are based on the zip code of the employer's home office.
Spin Off Rules:	Blue Shield will write a spin off group & guarantee coverage if they are spinning off of an in force Blue Shield group & complete all regular enrollment material (including proper ownership documents). Two weeks of payroll preferred, but may proceed without it & submit it within 30 days. Coverage is still considered non-guarantee issue & full health statements are required (regardless of case size); the RAF may also range from .90 to 1.50. If spinning off of a non Blue Shield group, then they will be handled the same as any other start up group and will be considered on a non-guarantee issue basis if they have been in business less than 45 days in the previous calendar quarter.
Spouse Rules:	Husbands and wives working for the same company may enroll separately as employees or enroll together as an employee/spouse or a family if they have children.
Start Up Groups:	Blue Shield will now consider a start up group for guarantee issue as long as they meet all requirements for AB1672 except for the length of time in business. Must have been in business for at least 6 weeks and be able to provide the full 6 weeks of payroll for the time period preceding the effective date with at least 2 eligible employees on it. Note, individual payroll or pay stubs, estimated payroll and handwritten journals are not acceptable.
1099 Workers:	Not Eligible
Union Carve Outs:	To qualify for guarantee issue coverage, total number of union & non-union employees must be under 50 lives, and employer must contribute to a labor fund in compliance with a collective bargaining agreement for the union employees. Copies of the union's Statement of ERISA rights will be required. If these requirements are not met, then the request for coverage on the non-union employees will be considered on a non-guarantee issues basis and the group will need to meet the requirements of a carve out. Union groups enrolling 15 or more employees with Blue Shield will be rated using the Employer Questionnaire (groups of 2 to 14 will still need to complete a full health statement).
Waivers:	Valid waivers include other group sponsored coverage through another employer, Champus/Tricare, Medicare, & no share-of-cost Medi-Cal.

Participation Guidelines:	75% of all eligible employees must enroll (excluding those covered under another employer's group plan) if the employer is contributing from 50% to 100% of the employee premium.
Part-Time Employee Enrollment:	Group may request to cover employees working a minimum of 20 hours per week at the time of the initial application. Employees working 20 - 29 hours per week may be covered as long as the group offers coverage to all similarly situated individuals & they have worked these hours for the employer for at least 50% of the weeks in the previous quarter. Otherwise, an eligible employee must work a minimum of 30 hours per week in order to be eligible for coverage. May be required to payroll records to document hours and required time period.
RAF & Health Statement Guidelines:	2 - 5 lives enrolled = 1.10 automatically (no health statements required this size, unless the group is eligible for and wants to apply for an industry discount) 6 - 9 lives - minimum of .90 available with full health statement required. 10 - 50 lives = minimum .90 available. Employer Health Questionnaire used for groups of 10 or more lives.
Rating Areas:	Rates are based on the employee's home zip code.
Spin Off Rules:	Health Net will consider a spin off group on a guarantee issue basis if the group can provide a prior carrier bill identifying all employees to be covered (or ID cards for each person), provide a minimum of 2 weeks payroll (if more than 2 weeks available, then provide up to 6 weeks), ownership documents for the new company that was formed, and a letter from the group or broker that the group is a spin off from another group.
Spouse Rules:	Husbands and wives working for the same company may enroll separately as employees or enroll together as an employee/spouse or a family if they have children.
Start Up Groups:	Groups that have been in business less than 50% of the previous calendar quarter may qualify as a start up business for non-guarantee issue coverage with 2 weeks payroll.
1099 Workers:	Must be affiliated with the group long enough to be tied to the company with a federal tax return and can meet the definition of a full time employee. Must provide one Form 1040 Schedule C tax return and one Form 1099 from the most recent year to support affiliation & full time employment with employer. If multiple sources of income are indicated on the tax return, then the 1099 employee must submit a letter of explanation indicating how many hours they work per week at each employer. Total group size with 1099 employees and regular W-2 employees cannot exceed 50 lives.
Union Carve Outs:	If an employer has union & non-union employees and is required by a collective bargaining agreement to directly buy coverage for the union employees, then the union employees are considered as eligible when determining group size & health statements are required to write the non-union portion of the group. In order to write groups with union employees, Health Net must have a letter describing the type of carve out, identify those eligible for coverage, indicate if the non carve out people have other coverage & if they directly purchases coverage for the union employees. For guarantee issue, the total group (union/non-union) must be under 50 lives, offer coverage to non-carve out people & have 50% of group in California. If the company just contributes to a labor fund for the purchase of coverage, then the union employees are not treated as eligible when determining group size and health statements are not required. A letter detailing the carve out situation is still required.
Waivers:	Valid waivers include other group sponsored coverage through another employer, Champus/Tricare, VA, Cobra, Medicare, Medi-Cal & Medicaid.
